

Home

This is the documentation home for the most current release of Projector. The documentation is broken down into the following major sections.

- [Getting Help](#)
- [Getting Started Guide](#) — get started configuring and using Projector
- [Projector Web](#) — the internet browser based portion of Projector
- [Reports](#) — One of Projector's most powerful features, reporting allows you to view high level information or to drill deep down and analyze the smallest bits of detail.
- [Management Portal](#) — administer your Projector installation
- [Projector Mobile](#) — enter time and expenses through our mobile website
- [Web Services](#) — learn about our SOAP based web services
- [How To Guide](#) — The How To Guide provides easy to understand introductions to specific features of Projector.
- [FAQ](#) — Frequently Asked Questions
